JOB TITLE: Director of Design

LOCATION: Jacksonville, Florida

DESCRIPTION: Prosser is a multidisciplinary firm based in northeast Florida offering Landscape Architecture, Architecture, Planning, Civil Engineering, Transportation Engineering and Graphic Design. We specialize in wide range of public and private sector work including design and planning work for higher education, medical campuses, municipalities, public parks, mixed use communities, corporate entities and various federal programs.

The successful candidate will be a creative and energetic addition to our team willing to work in a collaborative atmosphere with a passion for design, problem solving, mentoring, project management and project implementation.

MINIMUM REQUIREMENTS:

- Bachelor's Degree in Landscape Architecture or relevant design field
- 10 years employment history with a minimum of 3 years in project and staff management
- Strong master planning and design skills
- AutoCAD proficiency
- Strong understanding of construction and implementation processes
- Excellent organization skills, writing and public speaking abilities
- Ability to lead and inspire teams
- Fluent in English (speaking, reading and writing)

Submissions:

Qualified candidates should email your resume, portfolio and three references minimum (pdf format) to:

pszykowny@prosserinc.com

In the subject line note "**Director of Design**"
