

Title: Landscape Designer

City: New York City (Union Square)

State: NY

Zip Code: 10003

Category: Designer

Years of Experience: 2-5 years

Description: *HOLLANDERdesign* | LANDSCAPE ARCHITECTS, an award winning firm headquartered in New York City, is currently seeking a recent graduate with a strong interest in urban design projects of varying scales. Interested applicants should have 2-5 years of professional experience, be organized, creative individuals who possess the ability to multitask and work on a wide range of project types. Applicants will be required to support senior staff and partners in all areas of the design process including but not limited to schematic design presentations and construction documents. Experience in high-end, single family residential design, urban private rooftops or small-scale commercial development is a plus. Salary to commensurate with experience. The position is for immediate hire.

Skills Required:

- Highly organized with strong written and verbal communication skills.
- Ability to handle multiple tasks in a fast paced studio environment
- Strong Technical Skills (Grading and Construction Details)
- Strong digital graphic skills and hand rendering.
- Proficient in AutoCAD v2013, Adobe Creative Suite, Sketchup and Microsoft Office Suite.
- Experience with Lumion or other 3-D rendering programs is preferred, although not required.

Educational Requirements: Undergraduate or graduate degree from an accredited landscape architecture program
