Landscape Architect Position

Shrewsbury, NJ

Pillari, LLC is seeking an experienced landscape architect with an appropriate background in landscape design/build practice.

Pillari has provided landscape services to a broad spectrum of clients in both the residential and commercial marketplaces. Our expertise in design/build is evidenced in projects completed over three decades of work throughout the New Jersey / New York area.

**Responsibilities:**

Below is a list of Job description & Requirements that are associated with the position, including but not limited to:

1. Preparation of design concepts
2. Research material lists and applications for projects
3. Perform Site inventory/analysis as required
4. Construction document/detail preparation
5. Municipal ordinance research for applicable project
6. Take off/estimating assistance for design/build or competitive bid projects
7. Correspond with clients for successful completion of the project
8. Coordinate & communicate with internal construction operations
9. Assist with the preparation of permit applications when applicable

**Qualifications:**

The Applicant should be a highly motivated individual with a minimum of an undergraduate degree in an accredited landscape architecture program. The applicant should be well versed in AutoCAD and Microsoft Office. Sketch-up or similar graphics knowledge is a plus.

A competitive salary package commensurate with the applicant's experience will be offered.

Interested applicants should email a resume to Joe Pillari at [j.pillari@pillari.com](mailto:j.pillari@pillari.com)

landscape construction • retaining walls • concrete masonry • irrigation systems • erosion control
