

WE ARE SEEKING...

2018 SUMMER Internship
Submit your resume now!

Internship Opportunity

Intreegue Design is seeking a talented, creative, 3rd-4th year student OR graduate student to assist in day to day tasks and high design projects ranging from commercial, institutional, high-end residential and, planting design. We promote passion for our profession in a learning environment for our interns.

Tasks for the internship include: 3D modeling, Construction Documentation, rendering plans, hand sketching, website updates, development of marketing materials.

We are looking for proficiency in: Sketch up/AutoCAD/ Adobe CS (hand graphics are a plus!)

Internship time commitment for the summer would be a 40 hour work week commitment.

Deadline

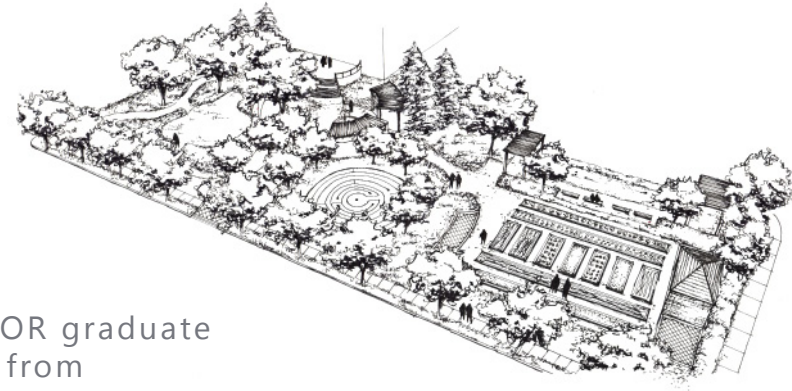

Application package must be received by April 30th.
Application Package should include Resume and Work Samples in pdf format.

Please email pdf's to office@intreeguedesigns.com include in the subject heading "Internship"

About Us

At Intreegue, our expertise extends beyond design to include horticulture, forest conservation, storm water management, & even beekeeping (a passion of our founder). Our team provides a balanced approach of unique creativity with underlying roots in environmental sensitivity with every project. Making a difference for both our clients and environment simultaneously is what makes our team passionate about our work.
