

Senior Level Landscape Architect

Landscape architectural firm in Laguna Beach, California, specializing in large-scale estate design and site planning is seeking applicants with a Landscape Architecture degree for full-time position as a Senior- Level Landscape Architect.

Candidates must be licensed in the State of California, have 10+ years design experience and have a body of completed work that indicates a high level of expertise in all aspects of the design process. In addition, the candidate should have proven experience in all phases of project management including proposal writing, scheduling, budget management, and construction administration.

Qualifications:

- Lead landscape architecture projects from conceptual design through construction administration, including management of sub-consultants and production staff.
- Have strong knowledge of plant materials, irrigation systems, and landscape construction detailing, as well as landscape grading & drainage.
- Lead multiple projects in various stages of development simultaneously and work cooperatively with the principal and team to ensure design integrity and graphic consistency.
- Communicate with and coordinate the efforts of project team members, clients, consultants, contractors and agency officials.
- Manage project schedule, workflow, and anticipate required staff resources and delegate accordingly.
- Work with the project team to produce presentation materials for client and agency presentations.
- Strong leadership and communication skills are essential to success in this position.
- Must have experience in Construction Administration
- Strong hand & computer graphics skills.

Education:

Bachelors degree or better in Landscape Architecture from an accredited university.
Landscape Architecture License.
