

Willie Lee Jones IV 201 E 33rd Street, Apt 3C New York, NY 10016  
804.814.9011  
willie.lee.jones1@gmail.com

**Education** Clemson University, *Bachelor's of Landscape Architecture, 2011*  
*Minor in Horticulture, 2011*

**Experience** Balzer and Associates, Inc *May 2014-Present*

- Civil Engineering / Landscape Architecture Technician: Develop conceptual, schematic, and submittal site plan plans for commercial and residential projects throughout Central Virginia. Assist project managers to develop site plans from client kick off through approval and construction. Projects ranging in size from less than one acre to master planning for a redevelopment of a 34 acre shopping center.
- Full submittal and construction sets including demolition, erosion and sediment control, grading, utility, site layout, and landscape plans as well as construction details necessary for approval and construction. Construction administration to handle change orders and field revisions.

Stockner's Landscape Design *April 2012-September 2013, January 2014-May 2014*

- Assistant Landscape Designer: Assist the Landscape Design Staff from conceptualization to installation; including but not limited to, site measurement, base plans, design, rendering, client sales and satisfaction, contract execution, and project management.
- Graphic Designer: Perform all graphic design duties related to marketing, advertising, promotional material, and print materials. Creative input to new website development and marketing strategies.
- Social Media Manager: Manage all social media outlets including company Facebook page, LinkedIn profile, Twitter, and Instagram. Dedicated to expanding the Stockner brand in an innovative and creative way.
- Internship Coordinator: Developed a 12-week internship program and curriculum for landscape design students focusing on gaining a hands on experience with residential design/build. Goal was to expose students to the full range of residential landscape design/build services and the many facets that make a full service landscape service company operate on a daily basis.

Stockner's Landscape Estimator *September 2013-January 2014*

- Build, maintain, and grow relationships with general contractors, architects, landscape architects, and engineers throughout central Virginia and the mid-Atlantic to expand Stockner's portfolio of works of commercial irrigation, landscape and hardscape installations. Responsible for commercial landscape takeoffs, proposals, contracts, and submittals for all commercial landscape and hardscape projects.

Stockner's Assistant Nursery Manager *January 2012-April 2012*

- Organize, maintain, and care for all plant material. Prepare landscape crews with the necessary equipment, machinery, plants, and hardscape materials for daily operation.
